## Renew Your On-Line Proxy!

***Is it time to renew your proxy?***

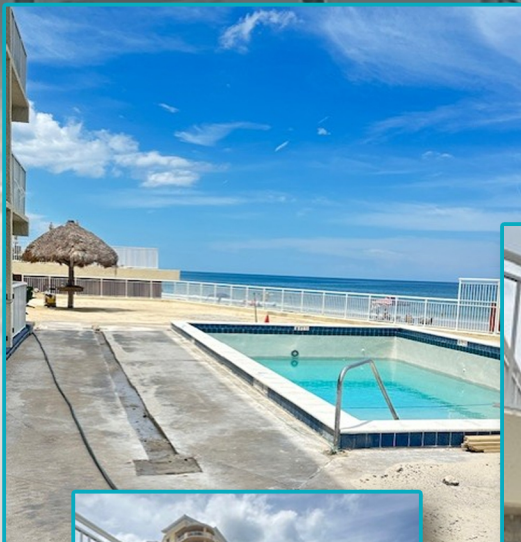

It's easy to check and update your proxy and contact information on-line! Keeping your proxy current is essential for the management and maintenance of your club.

And keeping your proxy current also ensures that you'll always be entered in our yearly drawing for a bonus week, direct exchange or world bank! It's quick and easy, so renew on-line today at: <https://perennialvacationclub.com/proxy.html>

\*Our by-laws require that 15% of the membership attend the annual meeting, either in-person or by proxy. Historically, lack of attendance has made establishing a quorum challenging. We therefore ask our members to sign our proxy on-line. You can rescind your proxy at any time, either by attending a meeting in person or in writing.

# Daytona UPDATE

*We've been busy with repairs, and it shows.*

The recent hurricanes in Daytona wrought substantial damage to our resort, which suffered a direct hit from the storm. The damage included the destruction of our roof, which had to be completely replaced; damage to all interior walls, which also required replacement; significant damage to our elevator; and major damage to electrical and plumbing components, which also necessitated complete replacement. Our staff has worked tirelessly to repair the resort, but the severity of the issues has not always been quick to resolve. In addition, the yearly turtle hatching season required us to halt our replacement of the seawall and beach access until it was safe for the new generation of baby turtles.

We are pleased to report that many of these repairs are complete and have even resulted in significant improvements overall. The resort is open, and the repairs to the roof, the interior construction, and the seawall are complete. We finished construction of the new beach stairs, repainted the rooms, and refinished the pool with new tile and coping. Work on the new pool deck drainage system and pavers for the deck continues. We are also in the process of updating the pool equipment and installing an ADA-required pool lift. Rest assured, we are doing everything within our power to expedite all of these significant repairs and improvements, and we look forward to welcoming you back to Daytona Beach.
