Daytona Beach: Restored and Improved!

After the significant damage done to our Daytona resort from multiple hurricanes, we are thrilled to report that the property repairs are complete and everything is more beautiful than ever! Here are just a few of the latest improvements: the pool has been resurfaced, along with new tiles around the upper parameter of the pool; new pavers are installed; beach access is repaired and expanded; we've planted lush Clusia trees and flowerbeds; the roof and sea wall are complete; there are new gutters, pool deck railings, pool chairs, tables and umbrellas. Landscaping around the property is in progress, as well as other updates to regular maintenance.

Our Daytona team has worked tirelessly to restore your beautiful resort, and we look forward to welcoming you on your next vacation!
